Weight/Gal.....10.70 lbs	VOC.....<10 g/l
Solids/Weight..... 63 +/- 1%	PH.....11 - 12
Viscosity.....500,000 cps	Flash Point.....None
Solubility in Water...Complete	Melting Point.....No Data

**GENERAL PRODUCT INFORMATION**

**INSTRUCTIONS**

**CAUTION**

For general boat washing, the typical dilution ratio is 2 oz. of CROSSCO MARINE BOAT WASH & SHINE to 1 gallon of water. Highly concentrated formula and an excellent value. Use a brush, sponge, or cloth to apply to fiberglass, vinyl, metal, rubber, glass, wood, or painted surfaces. Before soap dries, rinse with a flow of water (not spray) so water sheets off surface. Rinse well with fresh water. Stubborn spots may require a repeat application and light scrubbing. Dry with microfiber towel or synthetic chamois.

Caution: Do not take internally. Close container after each use. Keep out of reach of children. Use only with adequate ventilation. Product must be used within one year of purchase.

**AVAILABILITY**

CM003-1	55 Gal PL
CM003-2	5 Gal PL
CM003-4	4/ 1 Gal
CM003-5	12/ QT

**SAFETY INFORMATION**

CROSSCO MARINE BOAT WASH & SHINE is particularly useful on boats that may be out to sea for long periods of time. It works as well as multiple products but only takes up a little space on board.

Refer to product Material Safety Data Sheet (MSDS) prior to product use.
